

SolarWinds Orion® – Modular Training Manual

NetFlow Traffic Analyzer v4

Brett D. Organ

19

Table of Contents

Introduction to NetFlow Traffic Analyzer	3
Installation	10
Configuration and Data Maintenance	28
NetFlow Data in the Orion Web Console.....	48
Creating NetFlow Reports	61
NetFlow Alerts.....	72
Appendix - Labs	82

Introduction to NetFlow Traffic Analyzer

Introduction to NetFlow Traffic Analyzer	3
Why Install NetFlow Traffic Analyzer	4
Why Use Orion NetFlow Traffic Analyzer	5
How Orion NetFlow Traffic Analyzer Works.....	5
NetFlow – the Basics	6
Notes	9

Installation

Installation	10
Purpose of Module Two	11
Licensing Orion NetFlow Traffic Analyzer.....	11
NTA System Requirements.....	11
NTA Polling Server Requirements	12
Flow Storage Database and SAN	15
NTA v4 on Additional Pollers and Websites	15
Installing/Upgrading to NTA version 4	16
Notes	27

Configuration and Data Maintenance

Configuration and Data Maintenance	28
Getting Started	29
Adding NetFlow-enabled Devices and Interfaces	29
Adding NetFlow Sources to NetFlow Traffic Analyzer.....	30
Enabling the NetFlow Traffic Analysis Summary View.....	33
Optimizing NetFlow Data Collection and Maintenance.....	34
Database Settings.....	34
NetFlow Management.....	35
DNS and NetBIOS Resolution.....	36
Charting and Graphing Settings.....	37
IP Address Processing.....	38
Top Talker Optimization.....	38
Configuring Monitored Ports and Applications.....	39
Selecting IP Address Groups for Monitoring.....	41
Configuring Protocol Monitoring	43
Configuring NetFlow Types of Services	44
Configuring NetFlow Collector Services	45
NTA Flow Storage Backups.....	46
Notes	47

NetFlow Data in the Orion Web Console

NetFlow Data in the Orion Web Console.....	48
NetFlow Views Available on the SolarWinds Web Console	49
Customizing Charts in NetFlow Traffic Analyzer	50
Edit <i>Resource</i> Page	50
Chart Types: Classic vs Interactive.....	51
Working with Interactive Charts	51
Working with Classic Charts	53
Selecting Interactive or Classic Charts on a View	55
Enabling Progressive Charting.....	56
Using Endpoint Centric Resources	57
Using the Flow Navigator Tool	58
Notes	60

Creating NetFlow Reports

Creating NetFlow Reports	61
NetFlow Reports.....	62
Managing NetFlow Reports.....	62
Editing an Existing NetFlow Report	63
Creating a New NTA Report.....	63
Notes	71

NetFlow Alerts

NetFlow Alerts	72
NetFlow Alerts.....	73
Advanced Alerts with NetFlow Traffic Analyzer	73
Top Talker Alerts.....	73
CBQoS Alerts.....	75
Creating a Flow Alert	76
Notes	81

Appendix - Labs

Appendix - Labs	82
Configuring NetFlow Settings	83
NetFlow Web Views	85
NetFlow Reports Lab	86
